

Dear Friend(s),

The Pulaski Lions Club, along with other non-profits and businesses are working to develop the 15 acre pond owned by the Village of Pulaski. **We are raising funds to develop a swimming beach, fishing pond, a pavilion with a concession stand and restrooms along with a dog park area.** It will be a beautiful place for families to enjoy and will be open to all.

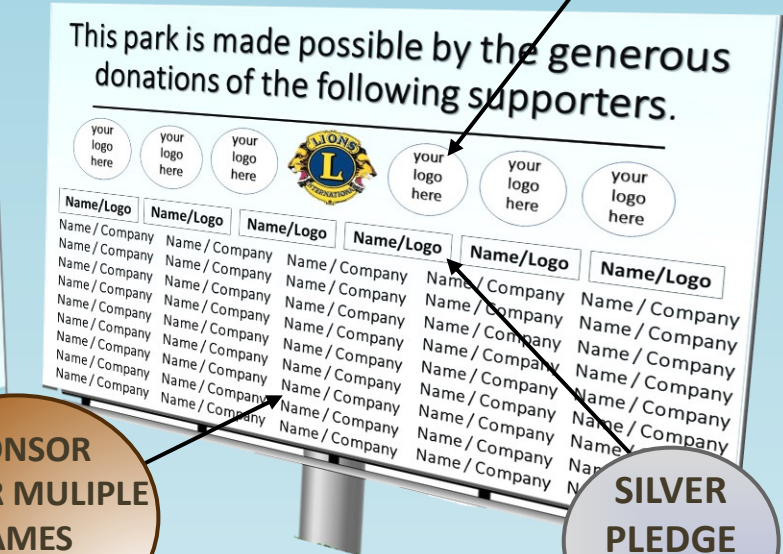

Please consider donating to this amazing park that will benefit the families of our community for many years to come! For more information on this project, please visit [www.PulaskiLions.org](http://www.PulaskiLions.org).

Sincerely,

Rebecca Anderson  
Lion President  
Pulaski Lions Club
